

Job Description

Senior MEP Coordinator

Contract Type	Permanent
Job Title	Senior MEP Co-ordinator
Specialism	MEP
Reports to	MEP Team Leader
Location	Positions available in Wixford, Warwickshire and in London

About Fulcro

Fulcro is an innovative team of design technologists, engineers and creative thinkers who thrive on delivering solutions that are faster, better and more value for our clients. Our core activities are 3D and 4D digital prototyping, BIM management and 3D design detailing for construction, fabrication and assembly.

Fulcro work on the UK's and World's largest construction projects including Stadia, Iconic residential developments, flagship commercial buildings and Infrastructure projects.

Our people are important to us. We empower them to perform, offer opportunities to grow and reward their contribution.

Purpose of the Role

The Senior Co-ordinator produces quality 3D Models and drawings for Mechanical, Electrical and Pipe Work services and works as part of a wider delivery team.

Key Functions

1. Produce detailed, co-ordinated service models to a high level of detail, as required using Autodesk Fabrication within the AutoCAD and Revit environment.
2. Follow and assist in the development of systems and procedures to ensure effective workflow.
3. Work closely with Team Leader and Project Manager to deliver high quality MEP projects within the agreed timescales.
4. Assist with mentoring less experienced colleagues by passing on knowledge and assisting with training.
5. Carry out any ad-hoc tasks as directed by the MEP Team Leader or Project Manager.
